

Gärtner's box tree fertiliser with trace nutrients

- mineral complete fertiliser with valuable trace nutrients
- suitable for all types of box tree on open land or in bowls
- cares for and strengthens plants and promotes dense foliage
- shake before use

Required quantities:

- during the vegetation period: 1 dosing cap for 3 litres of irrigation water 1 x weekly
- during the growth pause: do not fertilise

Application period:

| | | | | | | | | | | | |
|-----|-----|-------|-------|-----|------|------|--------|------|-----|-----|-----|
| Jan | Feb | March | April | May | June | July | August | Sept | Oct | Nov | Dec |
|-----|-----|-------|-------|-----|------|------|--------|------|-----|-----|-----|

Tips:

- Water during longer dry periods, especially younger plants.
- In winter, spray evergreen plants with atomised water and also water the leaves when the soil is frozen. If no water can be supplied from the soil, drought damage can occur.
