

Gärtner's organic fruit + vegetable fertiliser

- a purely natural, plant-based fertiliser for a gentle nutrient supply
- suitable for all fruit and vegetable cultivations
- can also be used on sensitive crops such as seedlings
- helps to form humus and promotes soil activity
- granulated form makes it easy to spread

Required quantities:

- Plants with low nutrient demands such as young plants, beans, peas, radishes and lamb's lettuce: sow approx. 60 g/m², for refertilisation approx. 40 g/m²
- Plants with medium nutrient demands such as cucumbers, carrots, radishes, lettuce and spinach: sow approx. 70 g/m², for refertilisation approx. 50 g/m²
- Plants with high nutrient demands such as cabbage, celery, leeks and tomatoes: sow approx. 90 g/m², for refertilisation approx. 60 g/m²
- Berries: approx. 60 g/m² in spring and after the harvest spread in the area of the plants and work gently into the soil
- Fruit trees: spread 50-60 g/m² in spring and late summer and work gently into the soil

Application period:

Jan	Feb	March	April	May	June	July	August	Sept	Oct	Nov	Dec
-----	-----	-------	-------	-----	------	------	--------	------	-----	-----	-----

Tips:

- Fulfils requirements for organic agriculture in accordance with EC Regulation 834/2007.
- When using in bowls or boxes, mix approx. 7 – 10 g per litre of soil.

Dosage of Gärtner's organic fruit + vegetable fertiliser:

- 1 handful approx. 30 g
- 1 tablespoon approx. 12 g
