

## Gärtner's green plant fertiliser with trace nutrients

- mineral complete fertiliser with valuable trace nutrients
- suitable for all green plants in rooms and conservatories, on balconies, patios and on open land
- for powerful growth and intense leaf colour
- shake before use

### Required quantities:

- for indoor plants: 1/4 dosing cap for 5 litres of irrigation water
- on balconies and on open land: 1 dosing cap for 5 litres of irrigation water
- fertilise 1x weekly in the growth period from March to October and 1x monthly in the winter months

### Application period:

Jan	Feb	March	April	May	June	July	August	Sept	Oct	Nov	Dec
-----	-----	-------	-------	-----	------	------	--------	------	-----	-----	-----

### Tip:

- Application at the beginning of the growth period in the spring is especially beneficial because that is when the plants have the greatest nutrient requirement.
